24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)						

A new 8,929 SF Clubhouse and Amenity Campus located in Sarasota, Florida.

Fieldstone Architecture & Engineering completed the Planning Services, Architectural design, Interior design and Engineering for this extensive new Clubhouse and Amenity Campus. The project is relevant as it includes a new clubhouse, outdoor pool area, parking areas, sidewalks, landscaped grounds and a new amenity campus on the West Coast of Florida.

The new clubhouse houses a community room, fitness studio, offices, catering kitchen, bar, restrooms, hallways, locker rooms and circulation spaces. Outside areas of the clubhouse include a new pool, spa pool, outdoor seating and verandah areas, fire pit, bar, and BBQ area. The amenity campus which includes the clubhouse also included the siting and design of a new entry guardhouse, new entry feature with fountain, new mailbox kiosk, sports courts, parking areas and extensive new landscape and hard scape. Fieldstone A&E also selected all the Furniture, Fixtures and Equipment as part of the Interior Design scope.

The project design was influenced by the demographic of the Sandhill Preserve Community and the client who was DiVosta. The clubhouse is done in a Spanish style architecture with formal entry at the front and the outdoor living and pool areas in the back areas. The mail kiosk is located off the main parking area and allows residents to park cars easily or golf carts to get their mail without interrupting clubhouse traffic flow.

The entire area of the campus site is landscaped and has sidewalks connecting all features from the pool area, to fire pit, to sports courts and parking lots. The architecture was designed for year round use in both indoor and outdoor areas with special thought to maintenance needs and accessibility to MEP for ease of facility management.

Deliverables included all master planning, design documents, renderings, construction documents, engineering and interior design in CAD & Revit. Project Cost for Clubhouse: \$1.7 million

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

A new 10,000 SF Clubhouse and Amenity Campus located in Estero, Florida.

Fieldstone Architecture & Engineering completed the Planning services, Architectural design, Exterior Finishes Selections and Engineering for this extensive new Clubhouse and Amenity Campus. The project is relevant as it includes a new clubhouse, elaborate outdoor pool area, shaded verandahs and landscaped grounds. It also includes a new amenity campus sited on a man-made lake at the center of the community and directly next to the new clubhouse. E3 Building Sciences completed the MEP for this project.

The new clubhouse is home to a large community room, fitness studio, offices, catering kitchen, bar, private dining room, meeting rooms, restrooms, hallways, locker rooms and circulation spaces. Outside areas of the clubhouse include a new pool, spa pool, outdoor seating, lawn area, verandah areas, fire pit, bar, and BBQ area. The amenity campus called for our firm to design a new Entry Guardhouse and electric gates, Entry signs and feature, Lawn Gazebo, Mail Kiosk, Sports Courts, Sports Restroom Cabana and BBQ area.

The project design is done in a Bahama style and embraces functionality without losing the modern formal aesthetic the client requested. The clubhouse includes Bahama style shutters, an entry tower and a gridded landscaped area at the pool. The pool area merges lounging areas and the outdoor fire pit and new bar seamlessly. The functional kitchen circulation areas are meshed into the floor plan as separate staff work areas and guest use areas. The amenities near the clubhouse include tennis courts, bocce courts, gazebo for picnics, mail kiosk and restrooms. All amenities are carefully linked with sidewalks and adjacent parking areas for ease in circulation between activities. The entry guardhouse replicates the clubhouse in style for consistency in community style of architecture and identity. Deliverables included all design documents, renderings, construction documents in CAD & Revit. Project Cost for Clubhouse: \$2 million

The rendering of the amenity campus.

The pool area and gridded lawn turf area.

In pool fountains & cabana in back.

A new 3,969 SF Clubhouse and Entry Feature located in Naples, Florida. Fieldstone Architecture & Engineering completed the Planning Services, Architectural design, Engineering and Exterior finishes selections for this new Clubhouse and Entry Feature. This project shows an example of a smaller clubhouse with pool and how we tied the entry sign and street features into the identity of the community using an architectural style.

The new clubhouse located in Naples was done using an elegant yet durable exterior treatment of stone and wood architectural detailing. The clubhouse includes an outdoor pool and deck area, locker rooms, fitness center, community room, catering kitchen with attached bar island, BBQ area, fire pit, pavilion, covered verandah, and half-court basketball. The clubhouse plan is symmetrical opening up to the back area of the pool where seating areas surround the swim area. All outdoor living spaces link different areas via sidewalks and landscaping. The entry feature includes a fountain and entry gate tower done in matching architectural style. Deliverables included all design documents, renderings, and construction documents in CAD & Revit. Project Cost for Clubhouse: \$700,000.00

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

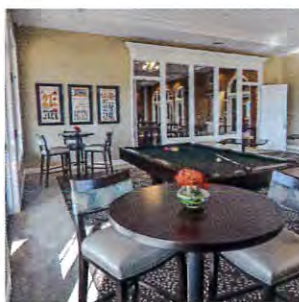

A new 13,962 SF Clubhouse and Entry Feature located in Sarasota, Florida.

Fieldstone Architecture & Engineering completed the Planning services, Architectural design, Engineering, Exterior Finishes Selections and Interior Design for this new Clubhouse and Amenity Campus. The clubhouse is one of 3 on the site. We are currently in the design process to complete the third clubhouse. The main clubhouse includes an outdoor pool area, verandah shaded porches, entry tower, offices, fitness room, community room and game room. There is a catering kitchen, bar, dining room, and lobby. The second clubhouse is home to community and event gathering rooms which are designed to be multi-purpose allowing for moving partition wall divisions as needed.

The outdoor pool is organic in shape and has shade umbrella stands at one end of the pool. The seating areas flow around the pool deck and the amenity campus adjacent to the pool area includes bocce courts and shade cabana, an event gazebo, extensive landscaping, fire pit, mail kiosks and walkways around the scenic lake.

All areas are carefully linked with sidewalk, parking lots or roofed areas of circulation. The building design allows for ease of operations for staff and a resort style layout for community guests. The materials used for the building design allow for ease of maintenance and durability. The landscaping is unique to the outdoor design and complements the space.

Project Cost for Clubhouse: \$2.5 million

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)						

A new 8, 340 SF Clubhouse and Pool Cabana located in Jupiter, Florida.

Fieldstone Architecture & Engineering completed the Architectural design, Exterior finishes selections and Engineering for this new Clubhouse and Pool Bath Cabana. The new building and pool was done in a Bahama style of architecture and has an elaborate front porch area that is the building's signature. The clubhouse plan has a dining room, locker room, catering kitchen, bar and community room. There is an outdoor pool with deck area and a pool cabana in matching style. The outdoor living deck extends from the clubhouse and had its own fire pit, BBQ space and event lawn. The outdoor areas are used year round and serve as an anchor to the community of homes.

We have included this project to communicate the fact that we can design in almost any architectural style due to over 20 years of experience in both home building design and commercial design.

Cost: \$1.5 million

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)						

A new 5,240 SF Existing Clubhouse Renovation and Amenity Campus located in Wellington, Florida.

This project involved the renovation of an existing building into a new Clubhouse and also an all new Amenity Campus. Fieldstone A&E Designed and Engineered the new clubhouse which has a dining room, catering kitchen, fitness room, locker rooms, offices and outdoor pool area. The existing building was completely remodeled and all new interior design was done by us. Fieldstone provided Programming and Planning services for the new amenity campus site. The exterior amenity campus includes the outdoor living area, new outdoor pool, bocce courts, tennis courts, fitness lawn, pool spa and fire pit gathering area. In addition, we also designed a new entry guardhouse in the same style in order to establish the community identity clearly. The materials selected for the clubhouse were chosen for their look as well as for their ease in maintenance. We have a vast library of materials and know what works from years of experience.

Project cost for the Clubhouse: \$1.5 million.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

A new 800 SF Pool Cabana and Community Pool and Grounds in Wesley Chapel, Florida.

Fieldstone Architecture and Engineering provided the Planning services, Architectural design, Engineering, Finish selections and Furniture Fixtures and Equipment selections for this project. Fieldstone A&E designed a new pool cabana, shade pergola and outdoor living area for the new Community Pool at the Arbor Woods community in Wesley Chapel, Florida. The cabana was designed with iconic colonnades that add architectural interest to the community space while also creating areas of shaded seating. The cabana houses the pool mechanical areas, restrooms, changing areas and storage. The pergola provides a shaded seating area for family gatherings. The pool in an organic shape is surrounded by paved deck and landscaping to complement the space all year round and with little maintenance.

Project cost for the Clubhouse: \$150,000.

 For the new 11,495 SL Clubhouse and a renovation of an existing 7,102 SF Clubhouse (also done by Fieldstone employees in 2011) Fieldstone A&E provided the Planning services, Architectural design, Engineering, and Interior design.

This clubhouse is done in a tropical style and has won several awards for both its interior and exterior design. The exterior includes Bahama influences with shutters, trim details, and roof lines. The interior of the main clubhouse has a large social hall, large catering kitchen, cafe, outdoor living room, and fitness with a movement studio. The renovated clubhouse has an outdoor bar, small meeting rooms, and a comfortable hang out space. The grounds behind the clubhouse are home to the resort style pool, 1000 SF verandah, and 22 ft. long bar structure. The amenity campus includes the clubhouse, pool, bath cabana and maintenance building.

Project cost for the Clubhouse: \$1.5 million.
