

The sucker growth on the oak trees need to be removed.

The landscape beds at the Falkenburg extension need to be edged and weeded.

Belmont entrance looks good.

LMP needs to stagger the mow patterns to prevent rutting.

The recently planted jasmine beds need to be weeded.

There are two dead palms on Still River that will be removed.

The tree stakes at Still Creek entrance need to be removed. They are girdling the trunk.

Turf quality along Still Creek looks good.

The Hamlet entrance looks good. The county has been contacted to repair the pot holes at the round-a-bout there.

There's chinch bug damage to the turf along Round Leaf.

The turf along Blue Beech and Night Shade has a lot of weed pressure and chinch bugs.

Parkway Pond – October

Aquatic Systems has been treating the water lettuce in pond 12 but some still remains.

Most of the other ponds look good.

The torpedo grass in pond #2 has been sprayed.

Minor algae in pond # 1

The cattails in pond #4 have been sprayed and are dead.

Pond # 1 behind Towering Spruce looks better.

Pond #8 has some cattails that need to be sprayed.
